

Ryan Spiegel Re-Elected to Gaithersburg City Council for Fourth Term

We would like to congratulate Ryan Spiegel on his re-election to the Gaithersburg City Council. Ryan has served on the Gaithersburg City Council since 2007, helping to lead one of the fastest growing and most fiscally responsible cities in the nation, and is starting his fourth term.

Ryan currently serves as the President of the Maryland Municipal League (MML). The MML represents the 157 cities and towns in Maryland, and the 1.5 million people who live in them. It advocates for municipal priorities in Annapolis, and as the association for mayors, council members and other municipal officials, it works to provide education, networking, research, and other resources and support services for both elected officials and staff.

Although he has tackled many different issues throughout his tenure on the City Council, Ryan is particularly proud of his signature initiative, Bank on Gaithersburg, which promotes financial stability for families while also boosting the local economy and reducing the strain on government.

Ryan Spiegel is Chair of the firm's Government Contracts practice and a member of its Litigation, Corporate and Science & Technology practice groups.
