

Internal Investigations & Attorney-Client Privilege: How It Is Preserved or Refuted

Jim Hammerschmidt presented on a live broadcast on August 14, 2018, co-sponsored by myLawCLE and the Federal Bar Association.

In the course, participants learned how to identify the precise purpose and scope of investigations and audits, assess the current level of compliance and client's appetite for risk, understand potential outcomes before conducting investigation, and obtain client's buy-in from the outset.

The course is available on demand for up to one year.
