

Paley Rothman Included in Fortune Magazine's List of Top-Ranked Law Firms

Paley Rothman was included in the December 2011 Fortune Magazine's list of the country's top-ranked law firms, based on Martindale-Hubbell's Peer Review Ratings of those firms with the highest percentage of attorneys achieving an AV Preeminent rating.

More than 250,000 law firms around the country were rated, and of that total, less than 1,000 firms were selected based on the attorney's high ethical standards and professional ability.
